6CCSARDM, 2026, CW Marksheet October 17, 2026

Student Name:

Total marks: (out of 100)

The coursework equates to 15% of the total marks for the module. Marks are subject to reasonable submissions. Plagiarism will be prosecuted.

Functionality. Marking runs on Gradescope (see CW.pdf for the time limits). If a run reaches its time limit, it is stopped: games that finished count as normal, and unfinished games count as losses. If your code crashes before finishing a game on a layout, that layout scores 0. Your latest submission before the deadline is the one marked.

- 25 games on `smallGrid` (35 marks). ☐

$$\text{marks} = \min\left(35,\ 5 + 30 \times \frac{\text{wins}}{20}\right)$$

wins	0	5	10	15	20 or more
marks	5	12.5	20	27.5	35

Table 1: Example marks for smallGrid

- 25 games on `mediumClassic` (35 marks). ☐

$$\text{marks} = \min\left(35,\ 5 + 30 \times \frac{\text{wins}}{10}\right)$$

wins	0	2	4	6	8	10 or more
marks	5	11	17	23	29	35

Table 2: Example marks for mediumClassic

Maze-solving

- Maze-solving on `mediumMaze` (20 marks). Pacman must reach the exit within 300 moves and within 2 minutes. All (20 marks) or nothing (0 marks). ☐

Code

- Style (5 marks) ☐
- Well commented (5 marks) ☐

Total: ☐
